Wisconsin Nurseries

Moyle's Eldorado Blackberry

The most valuable of all blackberries for Wisconsin. When this variety was first introduced many worthless kinds were substituted for Eldorado, causing much dissatisfaction. Our stock is true blue, the original plants having come from the originator. Eldorado is the most hardy, productive and delicious of all blackberries.

Where Moyle's Trees are Packed for Shipment

Spring's Greeting

Dear Friends and Patrons: Sixteen years ago this spring we mailed out our first little two-leaf price list launching the **Wisconsin Nurseries**. At that time our capital consisted of a small stock of trees and plants with lots of optimistic ambition. We had acquired the knowledge and liked the nursery business. This proved to be more than half the battle as our growth has been all we could ask for. And the best part of it all is that our first customers in those early days are our best customers today. This is exceedingly gratifying to us as we always strive to please.

W. J. MOYLE.
